

**REMARKS**

Claims 1-30 are pending in the application. Claims 22-25 are withdrawn from consideration in this response. Consideration of claims 1-21 and 26-30 is respectfully requested.

**REQUEST FOR ELECTION OF CLAIMS ASSOCIATED WITH IDENTIFIED SPECIES**

Claims 1-30 were objected to for allegedly being directed to multiple species as follows:

Species A: Figs. 1 and 3A-3B directed to a housing device attached to a platform that does not have an opening in cage for a heat sink and does not have a spring mechanism.

Species B: Fig. 2 directed to a housing device not attached to a platform.

Species C: Figs. 4-5 directed to a housing device attached to a platform having a heat sink and a spring mechanism.

Initially, it is respectfully submitted that the classification of Species as set forth above appears to be in error, at least because Fig. 1 does illustrate a spring mechanism 31, 32. However, in order to be responsive to the Office Action and to expedite examination, ***applicants respectfully elect Species A and submit that claims 1-21 and 26-30 are associated therewith. Therefore claims 1-21 and 26-30 are elected for examination.*** Further, it is respectfully submitted that claim 1 is generic to all the highlighted species. Therefore upon claim 1 being allowed, it is respectfully submitted that claims 22-25 be brought back into the application and examined herein.

**CONCLUSION**
